RETURNED GOODS POLICY

Every effort is made to produce your forms with the greatest care. If we typeset a new form for your facility, you will be sent a proof copy to approve and return before we run your job. Please plan this time into your lead time when requesting a new form.

For statewide forms, we will continue to print the latest version known to us, until a new version is sent to us by the agency. Please check the revision date in this guide for the latest date known to us. If you are aware of a newer version, please call us for clarification.

If a form is ordered correctly but is produced incorrectly, Elmira Print Shop will replace the form at no cost to you. If the form is ordered incorrectly by your facility, we may be able to issue a credit, less a restocking fee of 15% of the form cost or $35, whichever is greater. This credit can only be issued if:

1. The form is a statewide form (we cannot resell a form with your facility name or one numbered specifically for your facility).

2. The revision date is the most current release from Central Office.

3. The forms are unused and in their original packaging.

4. The facility provides shipment for return.

If you would like to return a form for credit and it meets the above criteria, contact Correctional Industries Print Shop *Customer Service* at (607) 734-3901 extension 2336 for the return procedure. No forms will be accepted without prior authorization.

SPECIAL PRICING

If you have a need for a special form or a large quantity, contact Elmira at (607) 734-3901 extension 2336 for a price quote.
