GREEN LINE FLOOR CARE PRODUCTS

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Green Line Floor Finish

- Use on vinyl, resilient tile, linoleum, rubber and terrazzo flooring.
- Formulated with the latest zinc-free polymer chemistry and performs as well as its metal cross-linked competitors.
- Contains 22% solids compared to others containing only 15% solids, producing a tougher, more durable finish.
- Can be spray-buffed and burnished to touch up tread-worn areas.
- In general, one gallon covers about 1200 square feet. Customers should experiment to see what is best for their floors.

Certification:

Green Seal Certified under GS 40. Complies with Executive Order #4.

Dilution for use:

None. Floor finish is used full strength.

Green Line Floor Finish *OGS-Approved*

- Meets rigorous wear standards set by OGS.
- Designed for maximum durability under severe conditions.
- High-quality finish that is easy to clean without powdering.
- Floor finish should last three years or more between strippings.

Green Line Wax Remover *OGS-Approved*

- Removes even tough finishes.
- Performs as well as its butyl-based competitors.

Certification:

Green Seal Certified under GS 40. Complies with Executive Order #4.

Green Line Neutral Floor Cleaner *OGS-Approved*

- Formulated to remove tough soils, and performs as well as its NPE competitors.

Certification:

Green Seal Certified. Complies with Executive Order #4.

Dilution for use:

- Depends on application.
- For everyday cleaning, mix 1 oz in 1 gallon of cold water (1:128).
- For heavy-duty cleaning, mix 2 ounces in 1 gallon of cold water (1:64).

FLOOR CARE PRODUCTS: *ECONOMY*

ECONOMY FLOOR CARE PRODUCTS

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Floor Finish (Original Formula U035585)

- High gloss, wear and slip-resistant.
- Zinc cross-link, acrylic polymer emulsion and 22 percent solids.
- For best results, use Corcraft Floor Sealer prior to applying the floor finish.
- Specially formulated to yield high gloss without the necessity of buffing.
- May be buffed at low speeds (up to 500 RPM) using polishing pads (white).
- For use in higher humidity.

Floor Finish: Buffable (U035586)

- High gloss, low maintenance, wear and slip-resistant.
- Zinc cross-link, acrylic polymer emulsion and 22 percent solids.
- Responds well to buffing (up to 2000 RPM) with standard buffing pads.
- Specially formulated for moderate to heavy traffic areas where buffing is the preferred method of maintenance.

Floor Sealer

- For use as a preapplication before Corcraft Floor Finish.
- Prior to first application, thoroughly strip the floor with Corcraft Green Line Wax Remover (page 164).
- Zinc cross-link, acrylic polymer emulsion and 17-18 percent solids.

Spraybuff Floor Maintainer

- A mix of polymers, polyethylene and other critical elements.
- Spray on affected area ahead of buffer.
- Use with low-speed (up to 500 RPMs) buffers.

JANITORIAL SUPPLIES

CLEANING PRODUCTS: *GREEN* (ENVIRONMENTALLY-PREFERABLE)

GREEN LINE CLEANERS

Green Line All Purpose Cleaner/Degreaser *OGS-Approved*

- Powerful, versatile cleaner for a wide range of soil types on most surfaces.
- Concentrated – must be diluted to use.
- Dispense into spray bottle.

Certification: Green Seal Certified. Complies with Executive Order #4.

Dilution for use: Depends on application.

- Top scrubbing (light): mix 2 ounces per gallon.
- Normal Soil: mix 2-4 ounces per gallon.
- Heavy soil: 4-8 ounces per gallon.
- Extreme soil: 8-12 ounces per gallon.

Green Line Glass Cleaner Concentrate *OGS-Approved*

- Cleans glass, bright work, desktops, counters, light fixtures and other light-duty applications. Performs as well as ammonia-based cleaners.

Certification:

Green Seal Certification. Complies with Executive Order #4

Dilution for use: Depends on application.

- Normal use: mix 3 oz per gallon
- Light Soil: mix 4 oz per gallon
- Heavy soil: mix 8 oz per gallon

Hydrogen Peroxide Cleaner *OGS-Approved*

- A powerful oxidizing cleaner that works in a wide range of applications: carpets, degreaser, and multi-purpose hard surface cleaner.
- Formulated with a surfactant and a citrus solvent for soft acid cleaning.
- Helps neutralize odors.
- Green Seal Certified.

Dispenser Only Formulation:

- For use with our dilution control dispensing systems.
- End users will not have any contact with the undiluted product.
- Contains a blue indicator dye so users can see the product flowing.

Mold Inhibitor/Deodorizer

This product neutralizes odors and prevents mold and mildew in moist and damp areas. It is not a masking agent for odors. It will eliminate the odor at the source, not just cover it. Great for:

- Mold/mildew, carpets, sewer gas, garbage collection, rendering plants, agricultural odors, industrial waste.
- Organic, clear, odorless. Water-soluble. No perfumes. Non-allergenic. Non-flammable. Long-lasting.

Note: Inside Delivery, Set In Use is not available.

CLEANING PRODUCTS: *GREEN* (ENVIRONMENTALLY-PREFERABLE)

GREEN LINE CLEANERS

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Green Line Glass Cleaner – Ready To Use

- A green, nonstreaking formula used to clean all glass surfaces.
- Also used as an effective general cleaning solution on chrome, stainless steel, ceramic tile or porcelain.
- Standard glass cleaner is made from our Green Seal (™) certified glass cleaner concentrate, but is sold in a ready-to-use solution.

Green Line Green Meadow Concentrated Cleaner

- Reflective surfaces (glass, mirrors): 3 to 4 ounces cleanser per gallon of water.
- Light cleaning (ceramic tile, chrome, woodwork): 2 to 4 ounces cleanser per gallon of water.
- All-purpose cleaning (appliances, toilets, canvas): 4 to 12 ounces cleanser per gallon of water.
- Heavy-duty (grills, ovens, concrete).

Green Line Orange Grove Citrus-Based Cleaner, Concentrated

- Reflective surfaces (glass, mirrors): 1 to 2 ounces cleaner per gallon of water.
- Light cleaning (ceramic tile, chrome, woodwork): 2 to 4 ounces cleaner per gallon of water.
- All-purpose cleaning (appliances, toilets, canvas): 4 to 10 ounces cleaner per gallon of water.
- Heavy-duty (grills, ovens, concrete): 10 to 16 ounces cleaner per gallon of water.
- Sold ready-to-use in case of 12, 32-ounce bottles.

Note: Inside Delivery, Set In Use is not available.

JANITORIAL SUPPLIES

CLEANING PRODUCTS

GERMICIDAL 128 PLUS AND MOLD/MILDEW REMOVER

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Germicidal 128 Plus Disinfectant Cleaner

- Germicidal 128 Plus is a multipurpose, hospital-grade cleaner and disinfectant that is effective against the following: SARS-CoV-2 (the strain that causes COVID-19), HIV-1 (AIDS virus), HBV (Hepatitis B virus), HCV (Hepatitis C virus), and MRSA (Methicillin-resistant Staphylococcus aureus)
- For use on hard, non-porous surfaces
- Not to be used on food contact surfaces
- Inhibits the future

Certification:

Germicidal 128 Plus is registered with the EPA as a hospital-grade disinfectant.

Dilution for use:

Dilution of disinfectant is critical to performance.

- For general cleaning and disinfecting of non viral organisms, mix 1 ounce per gallon of water.
- **For disinfecting viruses, mix 1.5 ounces per gallon of water.**

Mold & Mildew Remover

- This powerful, multi-surface cleaner dissolves mold and mildew stains on contact for faster cleaning. Helps prevent future mold build up if used regularly.
- Product contains bleach.
- Sold ready to use in a case of 12, 32-ounce bottles.

Note: Inside Delivery, Set In Use is not available.

Shipping Charges:

The prices shown below are for orders totaling over \$250.00 to one location. See page 4 for details on shipping charges.

VEHICLE MAINTENANCE PRODUCTS

VEHICLE MAINTENANCE PRODUCTS

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Diesel Exhaust Fluid (DEF)

- Diesel Exhaust Fluid is a green additive that helps meet regulations set by the Clean Air Act for diesel powered vehicles. The law applies to all diesel engines manufactured after 2010.
- Manufacture, dispensing, and reuse of containers is strictly regulated according to ISO standards. Containers 55 gallon and above are equipped with or without Closed Dispensing Systems (CDS). A Closed Dispensing System consists of a special cap for drum or tote, and a valve assembly. Together they ensure the process of both filling and dispensing is isolated from contamination, which is critical to DEF performance and standards. When the container is emptied and all tamper evident seals are intact, it can be reused and refilled without cleaning or reconditioning.
- New York State Division of Industries (Corcraft) was the first NYS manufacturer licensed by the American Petroleum Institute (API) to use the DEF Certification Seal. Corcraft is also designated a NYS Preferred Source.

Containers and Deposits

- Deposits are charged on each purchase as noted below. When the containers and CDS systems are returned, the deposit is issued a credit.

To receive the credit, the containers must be empty and bungs intact. Containers returned in poor condition are subject to loss of deposit.

Windshield Washer Fluid

- Standard blue windshield washer fluid, available in two concentrations of methanol: 34% (to -30°F) and 49% for further dilution by customer to meet their needs.

Vehicle Wash

- Vehicle Wash is a green, concentrated detergent formulated to remove tough soils from buses, trucks and other heavy-use vehicles. It is sold concentrated and must be diluted with water. While the formula is strong enough to remove soils, it will not harm: metals (painted and unpainted) glass, plastic, Neoprene rubber, 3M vehicle decals.

Note: Inside Delivery, Set In Use is not available.

Shipping Charges:

The prices shown below are for orders totaling over \$250.00 to one location. See page 4 for details on shipping charges.

JANITORIAL SUPPLIES

LAUNDRY PRODUCTS: *GREEN* (ENVIRONMENTALLY-PREFERABLE)

GREEN LINE LAUNDRY DETERGENT

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Green Line Liquid Laundry Detergent

- Formulated to work in cold and hot water; removes most soils.
- Can be used with manual-loading, injection and HE washing machines.
- For standard size washers (typically 18 lb. top loaders), use ¼ cup.
- For commercial machines, a starting point of 8 to 12 ounces per 100 pounds of laundry is recommended.

Note: Inside Delivery, Set In Use is not available.

Green Line Liquid Fabric Softener

Green Line Liquid Fabric Softener is formulated using renewable vegetable-based raw materials. Can be used in hot or cold water and high-efficiency washers.

Shipping Charges:

The prices shown below are for orders totaling over \$250.00 to one location. See page 4 for details on shipping charges.

JANITORIAL SUPPLIES

FOOD SERVICE-GRADE PRODUCTS

FOOD SERVICE-GRADE PRODUCTS

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Corcraft developed a Food Service Program that includes a complete line of products designed for institutional needs and paired with industry-proven dispensing equipment. The program is tailored for correctional facilities, jails and lockups, schools, hospitals, nursing homes and any location with institutional kitchens. The program was developed with DOCCS Food Production "Cook Chill" Operation, and it is available to any agency or institution.

We offer the following products:

- Heavy Duty Degreaser
- Lime Scale Remover
- Pot and Pan Detergent
- Automatic Dishwasher Detergent
- Fast Dry Rinse Aid
- Quat-based Sanitizer
- Chlorine Bleach (as a sanitizer)
- Enzymatic Drain/Grease Trap Maintainer

The dishwashing and other chemicals are automatically dispensed at the proper dilution. *Corcraft installs and maintains these dispensers at no charge to the customer.*

The cleaning chemicals, designed for daily use, may be housed in stainless steel cabinets if security concerns warrant them. These cabinets are designed and manufactured by Corcraft at Fishkill CF. See page 178.

Food Service-Grade Heavy-Duty Degreaser/Cleaner

Use Food Service Degreaser for quick removal of greasy deposits and carbonized grease from such surfaces as: ovens, grills, stove hoods, broilers, greasy vents, and deep fat fryers. For food plant and industrial use only.

Multi Purpose Lime Scale Remover

Deliming plays a critical role in dish machine maintenance. Corcraft offers a Lime Scale Remover to effectively de-lime dish machines and other stainless steel surfaces or equipment.

Liquid Pot and Pan Detergent

Super-concentrated, premium pot and pan detergent dispensed by our closed dispensing system. It can be dispensed manually to sinks. Installed dispensing equipment is included in the price.

Automatic Dishwashing Detergent

High-performance detergent for use in commercial machines only. Not for use in household-type dishwashers. Product should be used with water no harder than 10 grains per gallon. Not recommended for use on aluminum or other soft metals. Installed dispensing equipment is included in the price.

Fast Drying Rinse Aid

High performance liquid rinse additive for fast drying results on plastics and other dishware. When used with Corcraft automatic dishwashing detergent, it delivers improved sheeting and drying results. Installed dispensing equipment is included in the price.

Quaternary Food Service Sanitizer EPA Registered

When used as directed, eliminates (kills in 60 seconds) 99.999% of bacteria commonly found on institutional kitchen surfaces. Can be used for sanitizing food-contact or other non-porous surfaces. It also can be used on china, glassware, stainless steel and flatware. Meets USDA standards for sanitizers for all surfaces. Installed dispensing equipment is included in the price.

12½% Liquid Chlorine Bleach

As a substitute for Quat Based Sanitizer, when used as directed, this product can be used for sanitizing non-porous surfaces, such as food processing and dairy equipment. It can be used on institutional china, glassware, stainless steel and silver flatware and plasticware. Installed dispensing equipment is included in the price.

Enzymatic Drain/Septic/Grease Trap Maintainer

Enzymatic Drain/Septic/Grease Trap Maintainer is an environmentally preferable biological product designed to treat drain lines, septic systems and grease traps. Corcraft Enzymatic Drain Maintainer contains naturally occurring live bacteria and enzymes that effectively degrade drain system waste. It helps keep septic and drain systems operating properly by breaking down organic waste, paper, detergent, grease, hair, fats and other common wastes found in drain systems while also reducing the production of rancid drain odors.

Enzymatic Cleaner

Corcraft Enzymatic Cleaner is our first environmentally friendly cleaner to incorporate a novel biodegradable blend of surfactants and a natural blend of enzymes (bacteria) that provide a safe, natural solution for many types of organic waste, odor, and stain problems. Enzymatic Cleaner can be used as a glass cleaner, all-purpose spray and wipe cleaner, floor cleaner, kitchen and restroom cleaner etc. The product also aids in keeping drains clean and deodorized when it is poured down the drain.

Note: Inside Delivery, Set In Use is not available.

Shipping Charges:

The prices shown below are for orders totaling over \$250.00 to one location. See page 4 for details on shipping charges.

RESTROOM CLEANERS AND DEODORIZERS

Green Line Bathroom Cleaner

An organic salt formulation specifically for bathroom surfaces like grout, stainless steel and other surfaces; removes hard water scale, rust, soap scum, mold and mildew. Concentrated – must be diluted for use – instructions on containers.

- Organic salt that activates on contact to clean bathroom soap scum, lime and other residues on tile, grout, and hard surfaces.
- Safe for skin and surfaces. No harsh fumes.
- Green Seal (™) Certified.

Dilution for use: This product must be diluted for use. Using a proportioning dispenser, like a Corcraft Streamline Unit, is recommended.

- Normal cleaning: 4 ounces per gallon (1:32)
- Heavy-duty cleaning: 8 ounces per gallon (1:16)

Green Line Toilet and Urinal Cleaner

- Green Seal (™) Certified Bathroom Cleaner.
- Sold as Ready-to-Use in 32 oz bottles and in gallons.

- Specific instructions for effective use come with the product.

Hydrogen Peroxide Cleaner *OGS-Approved*

- A powerful oxidizing cleaner that works in a wide range of applications: carpets, degreaser, and multi-purpose hard surface cleaner.
- Formulated with a surfactant and a citrus solvent for soft acid cleaning.
- Helps neutralize odors
- Green Seal Certified.

Dispenser Only Formulation:

- For use with our dilution control dispensing systems.
- End users will not have any contact with the undiluted product.
- Contains a blue indicator dye so users can see the product flowing.

RESTROOM AND PERSONAL CARE PRODUCTS

RESTROOM AND PERSONAL CARE PRODUCTS

Safety Data Sheets are available online at www.corcraft.org. Ask your Sales Representative or call (888) NYS-MADE.

Restroom Deodorizers

- Restroom deodorizers provide some odor control benefits.
- This product does not contain the hazardous chemical Para-dichlorobenze. Our enzyme-based non-para blocks are the environmentally-preferable solution.
- Scented.

Free & Clear Hand Soap

- GS-41 Green Seal (™) Certified liquid hand soap.
- Effective and easy on the hands.
- Use with non foaming wall mounted dispensers:
U01-SOAPDISP4112 or U01-SOAPDISP9346 (see "Accessories")

Free & Clear Foaming Hand Soap

- The same active ingredients as the Free & Clear Hand Soap.

PERSONAL CARE PRODUCTS

PERSONAL CARE PRODUCTS

Hand Sanitizer

- Effective and convenient hand sanitizer for use when soap and water are not available.
- Kills 99.99% of common germs, including MRSA.
- Alcohol free, non-irritating, non toxic and gentle to skin.
- NSF Approved for food service workers.

Deodorant Bar Soap

- Basic scented bar soap.

Liquid Soap

- For household or commercial use.

- Basically a hand soap, but useful for other general cleaning purposes.
- Concentration of potassium in water: 15%.

Toilet Soaps (Scented)

- All-purpose hand and bath bar soap. Pleasant scent.
- Comparable to many nondeodorant, brand-name toilet and face soaps.

Deodorant Liquid Hand Soap

- Liquid hand soap available in an herbal or apple scent.

Note: Inside Delivery, Set In Use is not available.

ACCESSORIES FOR CHEMICAL PRODUCTS

ACCESSORIES FOR CHEMICAL PRODUCTS

Hydro Systems Auto Dilution Control Systems

- Wall-mounted systems that dilute concentrated chemicals into ready-to-use quantities. Two basic models in 14 variations of high-flow (mop buckets) and low-flow (quart spray bottles). Call for more information.

Applicator (Spray) Bottles - Standard

- Bottles must be labeled with chemical name and other information, and used exclusively with that chemical. Sold in boxes of 6.
- Corcraft offers spray bottles silk-screened with EPA-stipulated info.

Transport Bottles - Caustic

- Bottles used for transporting undiluted chemicals from distribution areas to points of use. Measurement lines help end user dispense proper amount. Sold in boxes of 12.

ACCESSORIES FOR CHEMICAL PRODUCTS

ACCESSORIES FOR CHEMICALS

Hand Pumps for Gallons, Pails and Drums

Piston drum pump facilitates use of bulk containers. The one gallon pump draws one ounce per stroke. The pail and drum pump draws between 4 and 16 ounces per stroke. Extension tubes allow the drum pump to reach the bottom of a 55-gallon drum. Includes clamps for securing inlet and outlet tubes.

Chemical Security Cabinets

Stainless steel cabinets

These cabinets are used to store kitchen or laundry chemicals adjacent to their point of use, such as auto-dishwashers, pot sinks, and laundry machines. Stainless steel is resistant to most chemical corrosion, giving the cabinet much longer life than the painted cabinets in similar environments. The small cabinet holds two, one-gallon containers; the large cabinet holds three one-gallon containers or two, 2½-gallon containers. They are predrilled for wall mounting.

Painted cabinets

The cabinets are lockable, and designed to be mounted on a wall. They are coated in putty color baked enamel and have piano hinges. Padlock is not included. They are predrilled for wall mounting. They are available in two sizes.

Hand Soap Dispensers

- Designed to work with hand sanitizer or other foaming soaps.
- Four dispensers are offered: two for liquid soaps and two for foaming soaps.
- Wall mounted with hardware included.

Note: Inside Delivery, Set In Use is not available.
