\$300.00 Inside Delivery & Setup

Clamp Mount

- Can be attached to the back of a workstation 24"-30" deep or at the front of any surface up to 2 1/4" thick.
- In a seated position, it places the keyboard tray 3 1/8" below the desktop.
- Easy-to-use lever lets you adjust monitors and keyboard platforms from sitting to standing height.
- Tension control knob allows you to keep load balanced.
- Can support one or two monitors (support poles/arms sold separately below).

Platform size: 23.6"W x 15.74" D
Keyboard platform size: 23.6" W x 8.7" D
Height adj. range: 16.6"

\$305.00 Inside Delivery & Setup

KIC Monitor Arms

- Single monitor arm or double monitor arm.
- Attaches via VESA mount, standard on most monitors (hardware and instructions included).
- A clamp secures the monitor arm to the pole, which allows you to easily adjust the monitor height independent of the keyboard.
