WASTE RECEPTACLES

In a continuous effort to address the needs of our customers, Corcraft has developed a premium wastebasket enclosure designed for use in architectural settings such as prominent streets, parks, recreational areas, and public buildings.

HIGH ENDURANCE SANITATION ENCLOSURE

FEATURES

Specifications

- 44¹/₄" high by 29¹/₂" diameter with provisions to lag bolt to the sidewalk (recommended).
- 8¹/₂" receptacle opening (prevents illegal trash disposal).
- 24"-wide latch-opening side door with 12 gauge steel panels.
- Twelve 7¹/₂"-wide by 12 gauge steel panels on a 30° included angle to form the outside container walls.
- 1/2" gap in between each panel provides for air circulation of the trash storage area.
- Trash storage can (not provided) is moved out on a 10 gauge steel tray attached to the door for easy servicing. Maximum size of trash can that fits through the side door is 24" diameter by 33¹/₂" high.
- Finished with an electrostatic powder coating that provides excellent exterior weather stability and very good corrosion protection.
Colors: Green (28) or Black (11). Please inquire about other colors.

Customization

- Stamped out custom message band contains 7 characters per flat panel (maximum of 84 – letter height 1¹/₂").
